

# Company profile

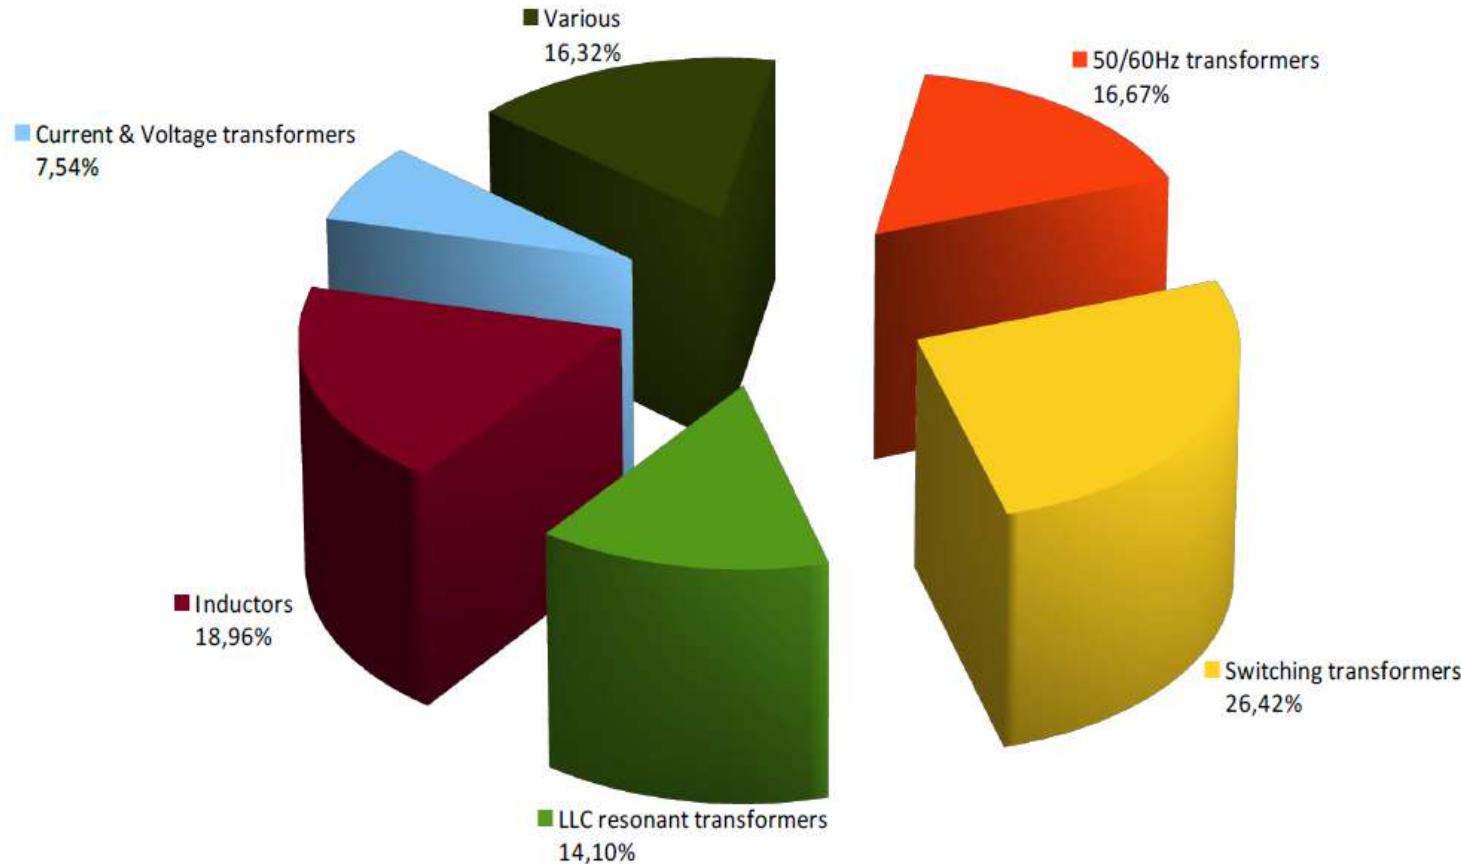

[www.itacoilweb.com](http://www.itacoilweb.com)

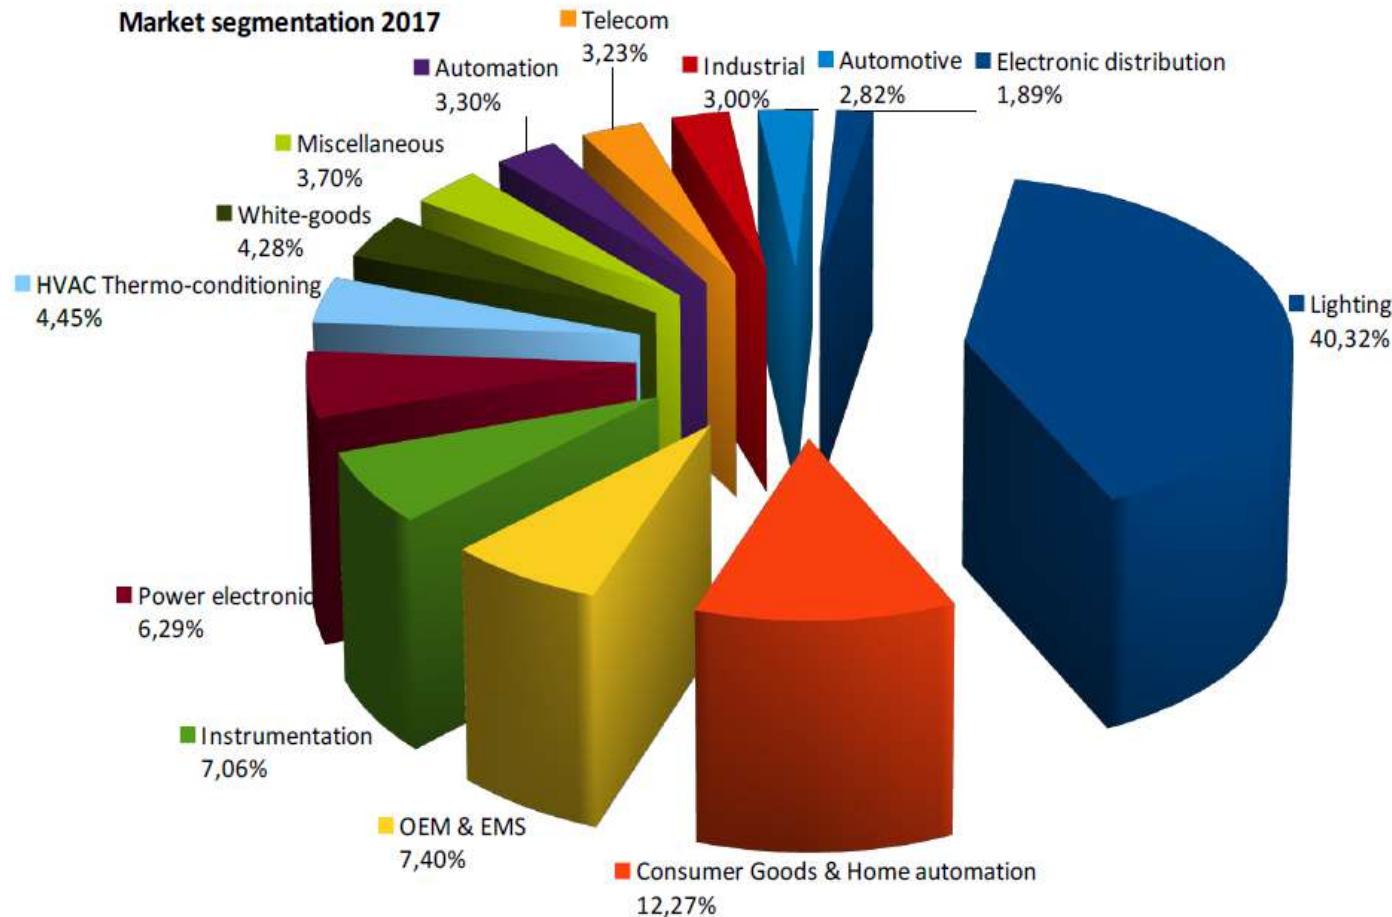

- Technological leadership in LLC integrated resonant transformers
- First ISO9000 certified PCB transformers manufacturer in Italy
- Participation to the Technical Committee 96's regulatory work concerning the standard EN61558 for transformers, as a CEI effective member
- Italian smart design by a unique-on-the-market proprietary software
- Minimization of customers' design time and cost
- Quick prototyping service, also 3D printing plastic parts
- Italian highly automated production plant
- Selected professional partnerships in low cost area with dedicated and quality controlled production lines
- Skilled consulting and electronic design service for SMPS, also resonant
- Processes optimization through automations and softwares internally designed and realized
- Partnership with the main manufacturers of semiconductors for the development of demo-boards and special projects

- 1981 Company start-up
- 1986 Itacoil brand adopted
- 1992 ISO 9001 certification achieved
- 2005 Contract Manufacturing Partnership in far-east
- 2008 New Product portfolio designed R&D
- 2010 Design of a SW simulation platform for LLC resonant transformers
- 2011 Start-up of an internationalization program
- 2011 Cooperation agreement with ST 
- 2013 Distribution agreement for Germany and Benelux 
- 2013 Consultant Power'n More program 
- 2016 Cooperation agreement on evaluation boards of Infineon 
- 2017 Design of a new SW simulation platform for LCC resonant transformers

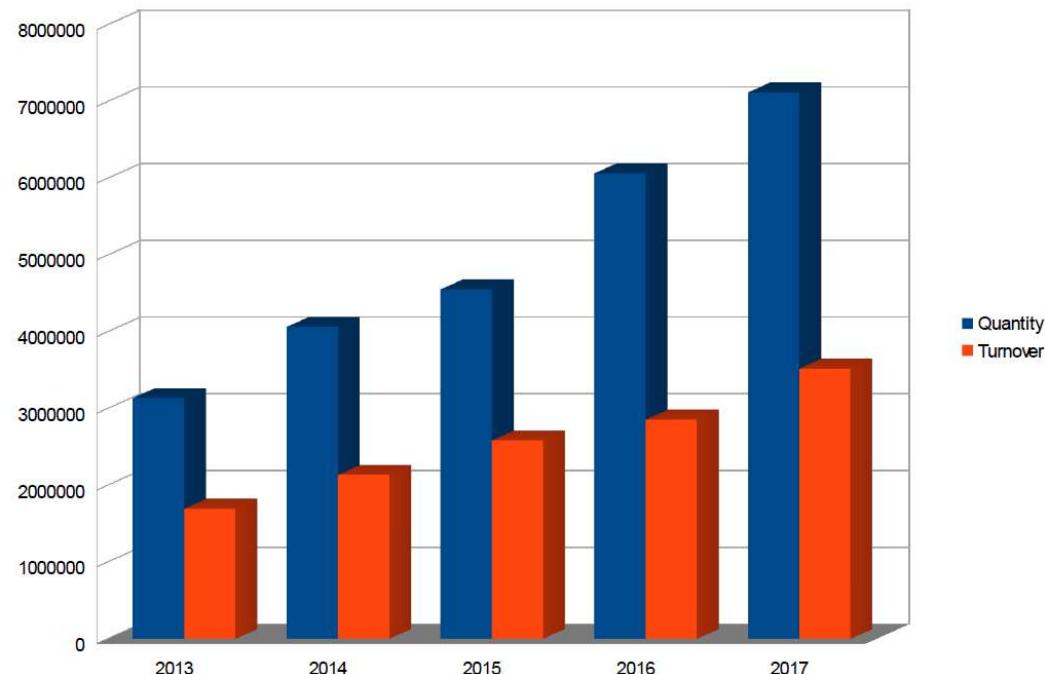

Products segmentation 2017

# Sales: market segment

- Turnover : 3.5M€
- Manufactured parts: 7.1M
- Samples delivered: 900 pcs

We are cooperating with most of the leading IC manufacturers in the development of demo-boards and special projects.

ON Semiconductor

*All the trademarks included herein are the property of their respective owners*

## Standard delivery terms :

Italy local plant

2/3 Wks

Far-East plant

6/7 Wks

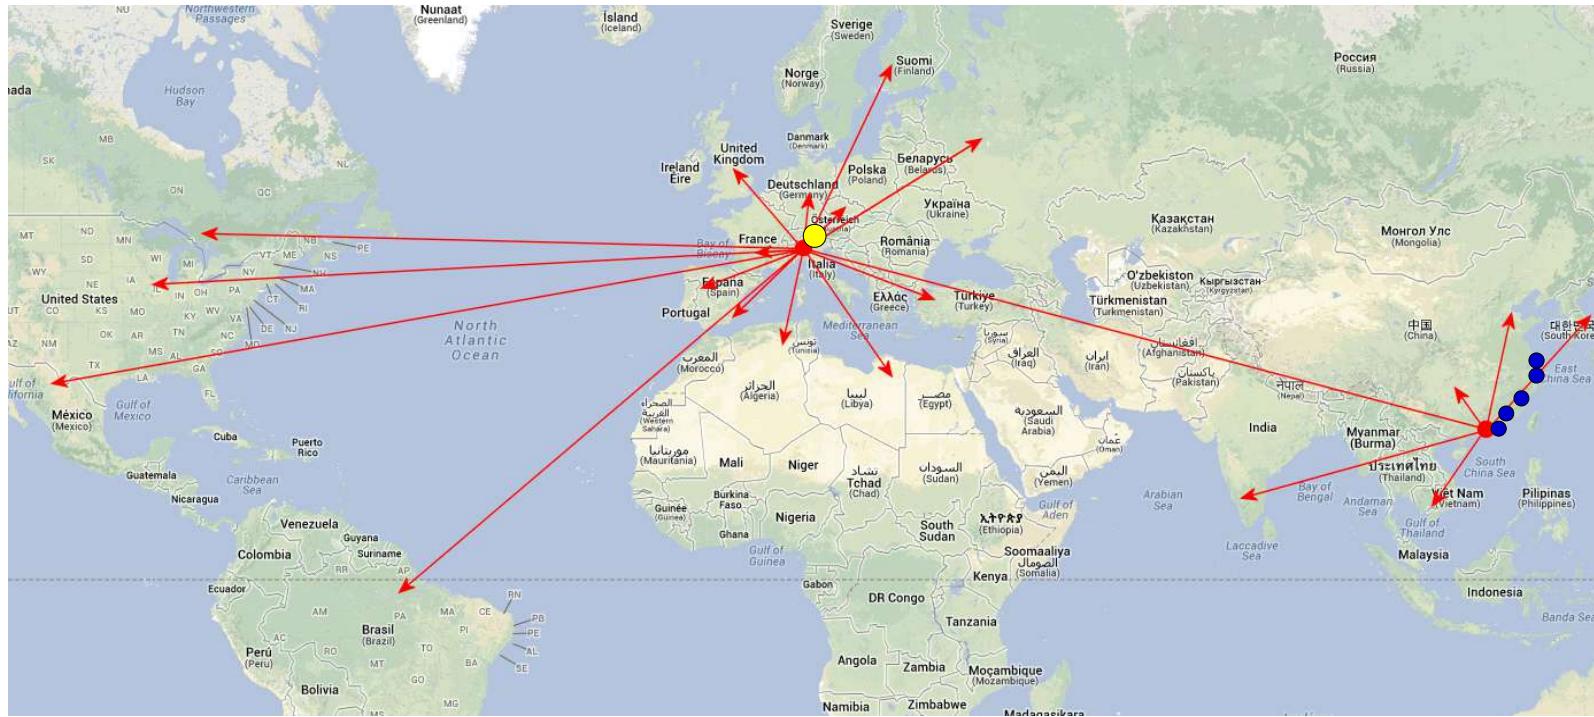

By sea

+5 Wks

By Air

+1 Wk

Fast prototyping service (few w-days)

- HUB Italy / Hub Hong Kong
- Production plant Italy
- Production Partners China
